1. About the Organization

Deloitte provides industry-leading audit, consulting, tax, and advisory services to many of the world's most admired brands, helping clients navigate transformation.

2. Key Roles & Responsibilities

- Bridge business stakeholders and technical developers to deliver digital transformation projects.
- Design interactive executive dashboards using Tableau, Power BI, and SQL analytics.
- Assist in ERP migrations (SAP, Oracle, Salesforce) and cloud integration workflows.
- Document business requirement documents (BRD), user stories, and acceptance test criteria.

3. Technical Requirements & Qualifications

- Strong analytical, structured problem-solving, and critical thinking capabilities.
- Proficiency in SQL, Advanced MS Excel, and Business Intelligence visualization tools.
- Understanding of SDLC lifecycles, Agile scrum practices, and IT strategy concepts.
- Exceptional client presentation and verbal communication skills.

4. Selection & Interview Process

Step 1: Round 1: Online Cognitive & Technical Assessment (Aptitude, Verbal, SQL)

Step 2: Round 2: Group Case Study Discussion / Business Scenario Simulation

Step 3: Round 3: Technical & Consulting Methodology Interview

Step 4: Round 4: Partner / Leadership Fitment Round
